

## PRAYERS FOR YOUTH:

Gracious Father, Guide our church youth as they attend school. Help both the teachers and youth to know all knowledge comes from you. Help them to grow in spiritual and Christian love. Teach them to be kind and show compassion to other students. Encourage the youth to use their knowledge to aid those who may be having problems in school and in church. In Jesus name we pray. Amen

## **REMEMBERING OUR YOUTH**

Gracious Father, we praise you. We also thank you for helping to protect and to guide our youth. Please continue to help the Lutheran Women, parents and concerned adults put into effect the suggestions from the ASK program. We ask your help to encourage each church to implement the praying for each youth program.

Our government is finally acting to combat internet pornography, but it is still a big problem for many. May we, as individuals, do our part by staying involved with our youth and by mentoring them.

Thank you for your grace and loving help with this important concern.

**AMEN**

## PRAY FOR OUR YOUTH

Dear Father in heaven, who loves our youth, at this time we pray for all the youth of the church, Help the youth find God by friends and companions who will support and uphold their Christian faith. Give them the understanding of what is right. Strengthen them in Christ and keep them from sin in their work, in school and play. Give them all the true wisdom which finds joy in you, through Jesus Christ, Amen

### **For Youth:**

Help us oh Lord, to reach for the top branches of the tree of life and to always have a firm grip on our youths' faith. Through your life giving grace and everlasting love, help our youth to find a way to be strong in the resolve of faith in you Lord, and in their steadfast resolve to do your work. In your name, Dear Lord, we pray for your guidance in all that the youth of today try to do.  
AMEN
